**Visor Neo Product Description****One hip handheld.**

The Handspring Visor Neo™ handheld combines amazing versatility, value and performance in one infinitely expandable handheld computer. This Palm OS® organizer will let your employees keep track of their schedules-while you stay within your budget. With the unique Springboard™ expansion slot, you can instantly turn the Visor Neo handheld into a series of powerful business solution tools—including a PowerPoint® presenter, a wireless modem, a mobile phone and more. And, since it's plug-and-play, there is nothing to load—just snap in a module and it works. Plus, the Visor Neo handheld is incredibly fast, with the same 33 MHz processor as the Visor Pro™ handheld.

Visor Neo features:

- | Alkaline batteries
- | 8MB of RAM
- | Three colors: Smoke, Red, Blue
- | Fast
- | Expandable
- | Palm OS
- | Infrared port

**Visor Neo Details**

Handspring™ Visor Neo™ combines amazing versatility and value in one infinitely expandable handheld computer.

**Infinitely expandable**

- | [Most expandable Palm OS handheld—over fifty Springboard™ modules available today.](#)
- | Springboard expansion slot lets Visor Platinum handheld become a digital camera, mobile phone, wireless Internet device, MP3 player and much more.
- | True plug-and-play—no drivers to install or wires to tinker with. Just plug in a module and it works!
- | Switch functionality with ease. Use a wireless modem for business and a digital camera for pleasure.
- | Springboard modules are sold separately. Get a complete list of modules [here](#).

**Incredibly organized**

- | Get instant access to everything you need, everywhere you go.
- | Stay on track with the expanded daily, weekly and yearly views of Date Book Plus.
- | Check off tasks in your daily calendar with integrated To Do lists.
- | Find the name you need in a flash with Fast Lookup.
- | Perform intricate calculations and conversions with Advanced Calculator.
- | Stay on time anywhere you go with CityTime world clock.

**Based on the popular Palm OS®**

- | Enjoy thousands of software programs available today for the Palm OS.
- | Transfer data between your Visor Neo handheld and your computer with just one touch.
- | Beam data and programs with other Palm OS handhelds.

**Well connected**

- | USB connection for quick and easy synchronization with your desktop computer.
- | Instantly back up and exchange data with the touch of a button.
- | Both Windows and Macintosh desktop software are included.

**Plus...**

- | It's colorful. Choose from three new colors: smoke, red and blue.
- | It's fast. The latest Motorola Dragonball VZ processor lets you find what you need when you need it.
- | It's affordable. Fits in your pocket and your budget.
- | It's paperless. Toss out your old paper address book.
- | It's simple. Perfect for first-time handheld computer users.
